

Masiate Construction: Property Research

September 20, 2026 (Central) | Prepared by CraneSignal | First-pass research

Source evidence can support property identity, location, scope, planning stage, permit status or bid status only as stated. Private homeowner contact details and local evidence file paths are intentionally omitted. **No currently open Masiate trade package was confirmed.** These are researched project signals, not promises of available jobs.

checks

Profiles by county: Brazos: 18; Burleson: 4; Grimes: 3; Leon: 2; Madison: 1; Robertson: 6; Washington: 15.

Ordered by direct service fit, source evidence and recency, not largest budgets or a sales-probability score. Local permits, planning cases and accessibility registrations describe different stages; the profile explains each.

Coverage is incomplete. 3 out-of-area registrations were rejected, and 98 additional Brazos registrations were not deeply reviewed in this timeboxed pass. See the source-by-source appendix for partial and blocked routes.

6 profiles have a sourced phone, email or business website; other entries identify participants or leave contacts unknown. A business name alone is not a callable contact.

Detailed Property Profiles

1. Citizens National Bank new construction and parking addition

Washington County | permit | record date 2026-08-31 | stage permitted

Location	400 S Austin Street, Brenham
Scope	New construction for Citizens National Bank valued at \$2,568,491 plus nine parking spaces on W. First Street valued at \$15,000.
Masiate fit	Strong commercial new-build and sitework fit for concrete, paving, flooring, painting, lighting, framing and finish trades; inference based on scope and value.
Priority reason	Citizens National Bank has local permit, CAD and TDLR support for ground-up bank construction plus parking, with broad trade fit and unknown package availability.
Status basis	City permit report shows new construction issued 2026-08-31 and a related parking-spaces permit issued 2026-08-20; CAD confirms the 2026 parcel record but no construction schedule or subcontract availability.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$2,568,491 building permit plus \$15,000 parking permit Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Citizens National Bank (owner/applicant); EBCO General Contractor (contractor); Citizens National Bank (CAD owner)
Business contact routes	EBCO General Contractor (permit-listed general contractor) Phone: 254-697-8516 https://ebcogc.com/ Contact source Citizens National Bank (permit applicant / CAD owner) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether subcontract packages remain open after permit issuance.; Whether the parking and building permits share the same construction schedule.; Related source TABS2026021492 reports \$2,400,000 TDLR estimated cost; source values may cover different scopes and must not be added together.
Next fact to verify	Check city inspection/Accela permit status or direct public project notice for active construction phase.

2. City of Brenham Maintenance Building fire remodel

Washington County | permit | record date 2026-08-21 | stage permitted

Location	506 S Austin Street, Brenham
Scope	Remodel due to fire, valued at \$737,212.
Masiate fit	Good public-building remodel fit for framing, paint, flooring, electrical/lighting, roofing/envelope and remediation-adjacent work; inference based on fire remodel scope.
Priority reason	Brenham maintenance building fire remodel has local permit plus TDLR support for code/fire repair, a direct remodel/MEP/finish fit.
Status basis	City permit report shows remodel due to fire issued 2026-08-21; no CAD lookup performed for this city facility during the first pass.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$737,212 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	City of Brenham Maintenance Building (owner/applicant); Rhodes Building Systems (contractor)
Business contact routes	Rhodes Building Systems (permit-listed contractor) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Public-procurement/insurance restoration status unknown.; Whether any subpackages are still available.; Related source TABS2026027978 reports \$275,000 TDLR estimated cost; source values may cover different scopes and must not be added together.
Next fact to verify	Check council purchasing/insurance award records or permit detail for current inspection phase.

Public Sources

Austin St Brenham, TX 77833; Renovation/Alteration; Bringing existing building up to code from previous fire at building.

3. Grace Community Fellowship paving and drainage improvements

Washington County | permit | record date 2026-07-09 | stage permitted

Location	107 S Saeger Street, Brenham
Scope	Paving and drainage improvements for Grace Community Fellowship, valued at \$1,000,000.
Masiate fit	Strong sitework/concrete/drainage/asphalt fit by scope and value, but owner-listed contractor may mean a known local contractor is already engaged off-record.
Priority reason	Grace paving/drainage has both local permit and TDLR support, with direct concrete/drainage/paving fit; named contractor is not exposed.
Status basis	City permit report shows paving and drainage improvements issued 2026-07-09; contractor field says Owner and no bid status was confirmed.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$1,000,000 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Grace Community Fellowship - Brenham (permit applicant / owner-listed contractor)
Business contact routes	Grace Community Fellowship - Brenham (permit applicant / owner-listed contractor) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Named contractor not exposed in monthly permit report.; No inspection/active-work status confirmed.; Related source TABS2026022754 reports \$1,000,000 TDLR estimated cost; source values may cover different scopes and must not be added together.
Next fact to verify	Check Accela detail, church facility postings, or city inspection status for phase timing.

Public Sources

- **City of Brenham July 2026 Building Permits** | 2026-08-04 | page/section: MISC-PRKG-26-0018 | <https://docs.cityofbrenham.org/Departments/development/building/permits/2026/2026-07.pdf> | Permit report lists paving and drainage improvements for Grace Community Fellowship - Brenham at 107 S Saeger Street, valued at \$1,000,000, contractor Owner.
- **TDLR TABS Project Details: TABS2026022754** | 2026-06-12 | page/section: Project Details | <https://www.tdlr.texas.gov/TABS/Search/Project/TABS2026022754> | Grace Community Church-Brenham; 107 South Saeger Street Brenham, TX 77833; Renovation/Alteration; New and improve drainage and paving for parking lot

4. Redeemer Church parking lot improvements

Washington County | permit | record date 2026-07-07 | stage permitted

Location	2111 S Blue Bell Road, Brenham
Scope	Phase 1 and 2 parking lot improvements valued at \$1,050,000 plus wall/sign construction valued at \$48,650.
Masiate fit	Strong concrete/paving/drainage/fencing/site-lighting fit; inference based on parking improvements and church campus parcel.
Priority reason	Redeemer Church parking lot phase is a direct paving/drainage/lighting/fencing fit with local permit evidence; kept separate from the older campus TDLR phase.
Status basis	City permit report shows phase 1 and 2 parking improvements issued 2026-07-07 and sign-wall work issued 2026-07-24; CAD confirms the church parcel.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$1,098,650 combined permit value Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Redeemer Church Brenham (owner/applicant); Atlas Sign Services (contractor for wall sign)
Business contact routes	Atlas Sign Services (permit-listed sign/wall contractor) Contact source Direct contact method not verified Redeemer Church Brenham (owner/applicant) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether parking-lot contractor is owner-managed or already selected.; Whether drainage/lighting/fencing packages remain.
Next fact to verify	Check church/city agenda or permit detail for site-plan status and contractor identity.

Public Sources

- **City of Brenham July 2026 Building Permits** | 2026-08-03 | page/section: COM-NEW-26-0007; COM-REM-26-0020 | <https://docs.cityofbrenham.org/Departments/development/building/permits/2026/2026-07.pdf> | Permit report lists parking lot improvements and wall sign work for Redeemer Church Brenham at 2111 S Blue Bell Road.
- **Washington CAD property-search JSON** | 2026-09-21 | page/section: propertyId 46489 | <https://esearch.washingtoncad.org/> | CAD result matches 2111 S Blue Bell Rd to Redeemer Church Brenham on 44.876 acres, appraised value \$2,390,910.

5. Brennan Taylor Developments RV parking addition

Washington County | permit | record date 2026-07-01 | stage permitted

Location	4040 State Highway 36 S, Brenham
Scope	Addition for RV parking, valued at \$163,000.
Masiate fit	Sitework/paving/utilities candidate if work remains unbuilt; lower value and owner-listed contractor make it secondary.
Priority reason	RV parking addition is a modest but direct paving/sitework fit with local permit evidence; contractor and status remain unknown.
Status basis	City permit report shows an addition for RV parking issued 2026-07-01; no site-plan or contractor detail was confirmed.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$163,000 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Brennan Taylor Developments (permit applicant / owner-listed contractor)
Business contact routes	Unknown A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	No current project phase or parcel details confirmed.
Next fact to verify	Use Accela or city development file to identify site plan and current construction status.

Public Sources

- **City of Brenham July 2026 Building Permits** | 2026-08-04 | page/section: COM-ADD-26-0001 | <https://docs.cityofbrenham.org/Departments/development/building/permits/2026/2026-07.pdf> | Permit report lists Brennan Taylor Developments addition for RV parking at 4040 State Highway 36 S, valued at \$163,000, contractor Owner.

6. Lex Investments tenant office buildout

Washington County | permit | record date 2026-06-25 | stage permitted

Location	1504 S Day Street, Brenham
Scope	Tenant buildout for office space, valued at \$181,300.
Masiate fit	Office buildout fit for flooring, paint, framing, lighting and finish trades; inference based on tenant buildout scope.
Priority reason	Lex/Edward Jones tenant office buildout is supported by local permit plus TDLR record; interior buildout services fit, but contractor control is unknown.
Status basis	City permit report shows tenant buildout issued 2026-06-25; CAD confirms Lex Investments LLC owns the parcel.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$181,300 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Lex Investments (owner/applicant); United Constructors of Texas (contractor); Lex Investments LLC (CAD owner)
Business contact routes	United Constructors of Texas (permit-listed contractor) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Tenant identity and buildout status unknown.; Contractor may already control subcontracting.; Related source TABS2026023085 reports \$181,234 TDLR estimated cost; source values may cover different scopes and must not be added together.
Next fact to verify	Check permit inspections or business opening/occupancy record for tenant and current phase.

Public Sources

- **City of Brenham June 2026 Building Permits** | 2026-07-02 | page/section: COM-NEW-26-0014 | <https://docs.cityofbrenham.org/Departments/development/building/permits/2026/2026-06.pdf> | Permit report lists tenant buildout for office space at 1504 S Day Street.
- **Washington CAD property-search JSON** | 2026-09-21 | page/section: propertyId 26824 | <https://esearch.washingtoncad.org/> | CAD result matches 1504 S Day St to Lex Investments LLC, appraised value \$780,380.

7. Sage Longwood Holdings commercial roof replacement

Washington County | permit | record date 2026-06-25 | stage permitted

Location	1901 Longwood Drive, Brenham
Scope	Replace roof on commercial building, valued at \$507,152.
Masiate fit	Direct roofing/siding/exterior repair fit; potential follow-on for paint, gutters and envelope-related work; inference based on roof scope.
Priority reason	Commercial roof replacement is a direct Masiate service fit with recent local permit evidence, even though the listed contractor may control the work.
Status basis	City permit report shows a commercial roof replacement issued 2026-06-25; CAD confirms Longwood property records at this address.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$507,152 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Sage Longwood Holdings LLC (permit applicant); Guardian Roof Systems (contractor); Longwood Elastomers Inc (CAD owner/related property record)
Business contact routes	Guardian Roof Systems (permit-listed roofing contractor) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Permit applicant differs from CAD owner naming; lease/entity relationship unknown.; Roof work may already be awarded to listed contractor.
Next fact to verify	Verify whether Sage Longwood Holdings is tenant, owner affiliate or project manager and whether related envelope work remains.

Public Sources

- **City of Brenham June 2026 Building Permits** | 2026-07-02 | page/section: COM-ROOF-26-0003 | <https://docs.cityofbrenham.org/Departments/development/building/permits/2026/2026-06.pdf> | Permit report lists Sage Longwood Holdings LLC replacing roof on commercial building at 1901 Longwood Drive.
- **Washington CAD property-search JSON** | 2026-09-21 | page/section: propertyIds 12601 and 128018 | <https://esearch.washingtoncad.org/> | CAD returns Longwood Elastomers Inc and Longwood Elastomers Inc Buildings at 1901 Longwood Dr, including building appraised value \$4,171,770.

8. Stanpac USA storage silo addition

Washington County | permit | record date 2026-06-24 | stage permitted

Location	801 Mangrum Street, Brenham
Scope	Addition of two storage silos for Stanpac USA, valued at \$413,300.
Masiate fit	Industrial addition could fit concrete, steel, controls/electrical, crane/rigging and sitework trades; Masiate relevance depends on whether work remains open.
Priority reason	Stanpac silo addition is local, permitted, and likely needs concrete, metal, utility or site trades; owner/prime status remains unknown.
Status basis	City permit report shows the storage-silo addition issued 2026-06-24; no parcel or construction-status detail was confirmed in this pass.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$413,300 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Stanpac USA (permit applicant / owner-listed contractor)
Business contact routes	Unknown A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	No CAD match or construction schedule confirmed.; Owner self-performing or prime-contractor status unknown.
Next fact to verify	Check city permit detail/inspections and Stanpac project announcements for execution status.

Public Sources

- **City of Brenham June 2026 Building Permits** | 2026-07-02 | page/section: COM-ADD-26-0008 | <https://docs.cityofbrenham.org/Departments/development/building/permits/2026/2026-06.pdf> | Permit report lists Stanpac USA addition of 2 storage silos at 801 Mangrum Street, valued at \$413,300, contractor Owner.

9. Pink

Brazos County | registration | record date 2026-09-15 | stage planned

Location	1001 University Dr. College Station, TX 77840, College Station
Scope	Interior Finish out
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Recent interior finish-out record near campus with near-term estimated dates; small but direct fit for flooring, paint, lighting and finish trades.
Status basis	TDLR TABS status is Project Registered; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$250,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-09-25; Completion: 2026-12-31; Bid deadline: Unknown
Participants	Aspire A&M II LLC (owner/developer); PAA Consulting LLC (designer); ROBERT V,BUCK (registered accessibility specialist)
Business contact routes	PAA Consulting LLC (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

Public Sources

- **TDLR TABS Project Details: TABS2027001105** | 2026-09-15 | page/section: Project Details | <https://www.tdlr.texas.gov/TABS/Search/Project/TABS2027001105> | Espire II; 1001 University Dr. College Station, TX 77840; New Construction; Interior Finish out

10. TSC Brenham Fusion

Washington County | registration | record date 2026-09-15 | stage planned

Location	2718 South Market St Brenham, TX 77833, Brenham
Scope	Interior Renovation
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	TSC interior renovation is a direct remodel fit, but the TDLR estimated start is 2027, so it should be labeled future/unknown rather than open work.
Status basis	TDLR TABS status is Project Registered; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$180,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2027-05-24; Completion: 2027-06-25; Bid deadline: Unknown
Participants	EXCHANGERIGHT NET LEASED PORTFOLIO 74 DST (owner/developer); Onyx Creative (designer); MELVYN,ARCHER (registered accessibility specialist)
Business contact routes	Onyx Creative (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

11. Baylor Scott & White Rock Prairie Clinic Renovations

Brazos County | registration | record date 2026-09-08 | stage planned

Location	800 Scott & White Dr College Station, TX 77845, College Station
Scope	Renovation to an existing medical office building to reconfigure clinical spaces.
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Medical-office renovation/reconfiguration is a concrete commercial remodel signal with a long estimated window; owner procurement route unknown.
Status basis	TDLR TABS status is Project Registered; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$2,500,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-10-01; Completion: 2027-12-31; Bid deadline: Unknown
Participants	SCOTT & WHITE HEALTHCARE (owner/developer); ROB ROY,PARNELL (registered accessibility specialist)
Business contact routes	Unknown A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

12. Barron Project

Brazos County | registration | record date 2026-09-03 | stage planned

Location	2800 Barron Rd Suite 204 College Station, TX 77845, College Station
Scope	Tenant Office Bldg. Finish Out
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Tenant office finish-out with suite address and near-term dates; direct fit for framing, finishes, paint, flooring and lighting coordination.
Status basis	TDLR TABS status is Project Registered; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$340,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-09-10; Completion: 2026-12-10; Bid deadline: Unknown
Participants	Derrill Chad Brantley & Jannie Kadjar (owner/developer); EDDIE,HARE (registered accessibility specialist)
Business contact routes	Unknown A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

13. Hub College Station Phase II

Brazos County | registration | record date 2026-09-03 | stage planned

Location	403 Cherry Street College Station, TX 77840, College Station
Scope	8-story residential building comprised of student housing and office(s) limited to servicing the property as well as a rooftop amenity terrace.
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Major student-housing new construction with offices and rooftop amenity; strong multifamily fit, but TDLR cost is whole-project only.
Status basis	TDLR TABS status is Project Registered; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$53,596,456 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-11-02; Completion: 2028-06-01; Bid deadline: Unknown
Participants	Core College Station Cherry, LLC (owner/developer); Antunovich Associates (designer); STEVEN EDWARD,MONTGOMERY (registered accessibility specialist)
Business contact routes	Antunovich Associates (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

29. Moeller Electric metal building addition

Washington County | permit | record date 2026-08-06 | stage permitted

Location	1119 Industrial Boulevard, Brenham
Scope	Add 5,000 sq ft metal building to existing structure, valued at \$400,000.
Masiate fit	Good industrial addition fit for concrete slab, framing/metal building, electrical/lighting, siding, paint and sitework; inference based on addition scope.
Priority reason	Moeller Electric has local permit, CAD and TDLR support for a 5,000 sf metal-building addition, a strong metal/concrete/electrical fit.
Status basis	City permit report shows a 5,000 sq ft metal-building addition issued 2026-08-06; CAD confirms 1119 Industrial Blvd parcel and business DBA.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$400,000 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Moeller Electric (applicant/occupant named in permit); Davis Custom Builders of Texas (contractor); Four D RE Holdings LLC Series C (CAD owner)
Business contact routes	Davis Custom Builders of Texas (permit-listed contractor) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Relationship between Moeller Electric and CAD owner/DBA needs confirmation.; Whether all building packages are already contracted.; Related registration TABS2026017664 estimated completion 2026-06-01, now in the past; actual completion remains unverified.; Related source TABS2026017664 reports \$100,000 TDLR estimated cost; source values may cover different scopes and must not be added together.
Next fact to verify	Check permit detail/inspection status and contractor business registration.

30. Frost Bank Brenham financial center

Washington County | permit | record date 2026-07-29 | stage permitted

Location	862 US Highway 290 E, Brenham
Scope	New construction of a Frost Bank valued at \$7,831,737.
Masiate fit	Very strong commercial new-build fit for flooring, paint, concrete, framing, lighting and exterior/site packages; inference based on permit scope and value.
Priority reason	Frost Bank has local permit, CAD and TDLR support for ground-up bank construction; SpawGlass is listed, so package availability is unknown.
Status basis	City permit report shows new construction issued 2026-07-29; CAD confirms a 2026 Frost Bank property record at 862 HWY 290 E; Frost location page says coming 2027.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$7,831,737 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Coming 2027 per Frost location page, exact source completion date not stated; Bid deadline: Unknown
Participants	Frost Bank (owner/applicant); SpawGlass (contractor); Frost Bank (CAD owner)
Business contact routes	SpawGlass (permit-listed general contractor) https://www.spawglass.com/ Contact source Frost Bank (permit applicant / CAD owner / future branch operator) https://locations.frostbank.com/tx/brenham/862-us-highway-290-e Contact source A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether remaining trade work is still buyable.; Frost page gives coming year, not exact construction status.; Related source TABS2026020346 reports \$9,000,000 TDLR estimated cost; source values may cover different scopes and must not be added together.
Next fact to verify	Check permit inspections or SpawGlass/Frost public project updates for current phase.

31. Arete Property Group apartment buildings

Washington County | permit | record date 2026-07-09 | stage permitted

Location	1307 N Park Street, Brenham
Scope	New construction of two apartment buildings, noted as 8 units and 5 units, valued at \$1,800,000.
Masiate fit	Strong multifamily fit for framing, flooring, paint, concrete, roofing, lighting and finish trades; inference based on multifamily new construction scope.
Priority reason	Arete apartments are local, recent and permitted with 13 units across two buildings, a strong concrete/framing/finish fit; parcel/contractor details remain incomplete.
Status basis	City permit report shows new construction of two apartment buildings issued 2026-07-09; CAD search did not cleanly match 1307 N Park Street in the tested public queries.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$1,800,000 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Arete Property Group (applicant/developer)
Business contact routes	Unknown A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Parcel/owner match unresolved.; Contractor not listed beyond Owner in permit report.; Whether units are under active construction or awaiting inspections.
Next fact to verify	Use Accela or city permit detail request to confirm parcel, applicant contact role and current inspection stage.

Public Sources

- **City of Brenham July 2026 Building Permits** | 2026-08-03 | page/section: COM-NEW-26-0009 | <https://docs.cityofbrenham.org/Departments/development/building/permits/2026/2026-07.pdf> | Permit report lists Arete Property Group for new construction of two apartment buildings at 1307 N Park Street.

32. Wilkins Valley phase 3 public infrastructure / commercial office site development

Washington County | permit | record date 2026-06-29 | stage permitted

Location	1402 W Jefferson Street, Brenham
Scope	Public infrastructure for phase 3 Wilkins Valley site development and commercial office, valued at \$688,923.
Masiate fit	Good sitework/concrete/utility/fencing/lighting fit if phase work remains; inference based on infrastructure and commercial office development wording.
Priority reason	Wilkins Valley phase 3 has recent local permit evidence for public infrastructure/site development and concrete/sitework fit; parcel details need follow-up.
Status basis	City permit report shows phase 3 Wilkins Valley site development/public infrastructure issued 2026-06-29; CAD search did not match the permit address in tested queries.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$688,923 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Collier Construction (permit applicant/contractor as listed)
Business contact routes	Collier Construction LLC (permit-listed construction participant) Phone: 979-836-4477 Email: maceyt@collierconstruction.com https://www.collierconstruction.com/contact Contact source A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Exact parcel and owner unresolved.; Permit text is wrapped; project naming should be rechecked in Accela/detail view.
Next fact to verify	Confirm permit detail in Accela or request city permit row export with parcel/site-plan reference.

Public Sources

- **City of Brenham June 2026 Building Permits** | 2026-07-02 | page/section: COM-NEW-26-0013 | <https://docs.cityofbrenham.org/Departments/development/building/permits/2026/2026-06.pdf> | Permit report lists Collier Construction for public infrastructure phase 3 Wilkins Valley site development at 1402 W Jefferson Street.

33. Nelson Sosa multifamily apartment building

Washington County | permit | record date 2026-06-22 | stage permitted

Location	411 Church Street, Brenham
Scope	New construction multifamily apartment building valued at \$730,000.
Masiate fit	Strong apartment new-build fit for sitework, concrete, framing, MEP, drywall, flooring, painting and finish trades; subcontract availability is not established.
Priority reason	Brenham multifamily permit is local, recent, permitted and directly fits multiple Masiate residential/commercial trades; subcontract availability remains unknown.
Status basis	City permit report shows new multifamily apartment building issued 2026-06-22; Washington CAD confirms the 411 Church Street parcel owner/ address match.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$730,000 Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Nelson Sosa (permit applicant / CAD owner); Valco Builders (contractor); Sosa Nelson (CAD owner)
Business contact routes	Valco Builders (permit-listed contractor) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether subcontract packages remain open after permit issuance.; Whether the building is already under active construction.
Next fact to verify	Check Accela inspection status or request current permit detail from Brenham Development Services.

Public Sources

- **City of Brenham June 2026 Building Permits** | 2026-07-02 | page/section: COM-NEW-26-0010 | <https://docs.cityofbrenham.org/Departments/development/building/permits/2026/2026-06.pdf> | Permit report lists new construction multifamily apartment building for Nelson Sosa at 411 Church Street, valued at \$730,000, contractor Valco Builders.
- **Washington CAD property-search JSON** | 2026-09-21 | page/section: propertyId 24935 | <https://esearch.washingtoncad.org/> | CAD result matches 411 CHURCH ST to owner SOSA NELSON, legal ORIGINAL TOWN ADD'N, appraised value \$134,690.

34. Adamson Engineering

Brazos County | registration | record date 2026-09-19 | stage planned

Location	4025 Cross Park Drive Bryan, TX 77802, Bryan
Scope	New office building and associated site work
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Recent TDLR record for new office building and site work; good fit for concrete, site, finish and MEP-adjacent services, but not a bid notice.
Status basis	TDLR TABS status is Review Complete; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$2,500,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-09-14; Completion: 2027-06-15; Bid deadline: Unknown
Participants	Adamson Investments LLC (owner/developer); PACT DESIGN STUDIO (designer); EDDIE,HARE (registered accessibility specialist)
Business contact routes	PACT DESIGN STUDIO (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

Public Sources

- **TDLR TABS Project Details: TABS2027001470** | 2026-09-19 | page/section: Project Details | <https://www.tdlr.texas.gov/TABS/Search/Project/TABS2027001470> | Adamson Engineering; 4025 Cross Park Drive Bryan, TX 77802; New Construction; New office building and associated site work

35. Brenham Rodeo

Washington County | registration | record date 2026-09-16 | stage planned

Location	3823 HWY 290 Brenham, TX 77833, Brenham
Scope	Proposed new one story 10890 sqft convenience store.
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Brenham Rodeo C-store has a very recent TDLR registration and direct new-construction fit, but it is registration-only and starts after this pilot window.
Status basis	TDLR TABS status is Project Registered; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$2,000,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-10-05; Completion: 2028-04-03; Bid deadline: Unknown
Participants	Blaze RE Holdings LLC (owner/developer); Four Nexus Studio (designer); WILLIAM G,PAGE (registered accessibility specialist)
Business contact routes	Four Nexus Studio (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

Public Sources

- **TDLR TABS Project Details: TABS2027001180** | 2026-09-16 | page/section: Project Details | <https://www.tdlr.texas.gov/TABS/Search/Project/TABS2027001180> | Brenham Rodeo C-Store; 3823 HWY 290 Brenham, TX 77833; New Construction; Proposed new one story 10890 sqft convenience store.

36. North and Dunn Apartments

Brazos County | planning | record date 2026-09-15 | stage planned

Location	600 E North Ave, Bryan
Scope	Apartment site plan for Ramsey Place / North and Dunn Apartments; plan text names VGC Ventures, LLC as developer and McClure & Browne as preparer. Extracted notes show the drawing set was issued for bidding.
Masiate fit	Strong multifamily fit by inference: apartment site plan could need concrete, framing, plumbing, lighting, paint, flooring and exterior work if construction moves forward; source does not prove subcontractor availability.
Priority reason	Strong multifamily/service fit, identifiable address, and source text says issued for bidding and construction; availability of trade packages still unknown.
Status basis	Bryan SDRC public archive posted a September 15, 2026 site-plan PDF. The plan text says North and Dunn Apartments, Bryan, Brazos County, September 2026; it is planning evidence, not a building permit or awarded trade package.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	Unknown Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	VGC Ventures, LLC (developer)
Business contact routes	McClure & Browne Engineering/Surveying, Inc. (designer / engineering-surveying preparer) Phone: 979-693-3838 Contact source A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction permits have issued; Whether trade packages remain available; Current contractor procurement status
Next fact to verify	Match the parcel in Brazos CAD and check Bryan Citizenserve or an open-records export for permit status.

Public Sources

- **SP26-000062, Ramsey Place, 600 E North Ave, North and Dunn Apartments** | 09-15-2026 | page/section: PDF/text extraction | https://docs.bryantx.gov/planning_development/SDRC/2026%20SDRC/09-15-2026/SP26-000062%2C%20Rams... | PDF text names North and Dunn Apartments, Bryan, Brazos County; developer VGC Ventures, LLC; McClure & Browne preparer; site vicinity North E Ave and Dunn Street; issued-for-bidding text appears in the extraction.

37. Galaxy Spa

Brazos County | registration | record date 2026-09-09 | stage planned

Location	1201 Briarcrest Drive Bryan, TX 77802, Bryan
Scope	demo walls, new walls, new restrooms, plumbing, and HVAC
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Renovation scope explicitly includes demo walls, new walls, restrooms, plumbing and HVAC, making it one of the clearest service-fit records.
Status basis	TDLR TABS status is Review Complete; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$175,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-09-15; Completion: 2027-02-15; Bid deadline: Unknown
Participants	Tran Nhon & Chau Huynh (owner/developer); Constantin Barbu (designer); EDDIE,HARE (registered accessibility specialist)
Business contact routes	Constantin Barbu (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

Public Sources

- **TDLR TABS Project Details: TABS2027000633** | 2026-09-09 | page/section: Project Details | <https://www.tdlr.texas.gov/TABS/Search/Project/TABS2027000633> | Galaxy Spa; 1201 Briarcrest Drive Bryan, TX 77802; Renovation/Alteration; demo walls, new walls, new restrooms, plumbing, and HVAC

38. Tabor Road Apartments

Brazos County | planning | record date 2026-09-08 | stage planned

Location	2816 Tabor Road, Bryan
Scope	Site plans for Tabor Road Apartments, Siegert Subdivision, Block 2 Lot 6R, 1.051 acres, 2816 Tabor Road, Bryan. Sheet list includes site, utility, pavement/grading and landscape plans.
Masiate fit	Multifamily apartment project with site, utility, grading and landscape plans; potential Masiate trades include concrete, plumbing/utility tie-ins, exterior work, paint/flooring later, but status is pre-permit review.
Priority reason	Strong apartment/service fit with owner/developer and address; source is interim review only, so include with planning-stage caveat.
Status basis	Bryan SDRC archive posted a September 8, 2026 site-plan PDF. The plan states it is interim review only and not for construction, bidding or permitting.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	Unknown Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Haswell Park Properties, LLC (owner/developer)
Business contact routes	J4 Engineering (engineer) Phone: 979-739-0567 https://www.j4engineering.com Contact source A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction permits have issued; Whether trade packages remain available; Current contractor procurement status
Next fact to verify	Match the parcel in Brazos CAD and check Bryan Citizenserve or an open-records export for permit status.

Public Sources

- **SP26-000059, Siegert, Tabor Road Apts, 2816 Tabor Rd** | 09-08-2026 | page/section: PDF/text extraction | https://docs.bryantx.gov/planning_development/SDRC/2026%20SDRC/09-08-2026/SP26-000059%2C%20Sieg... | PDF text lists Tabor Road Apartments at 2816 Tabor Road, owner/developer Haswell Park Properties, LLC, and J4 Engineering contact details.

39. Oxbow Business Park / Hwy 30 Business Park

Brazos County | planning | record date 2026-08-11 | stage planned

Location	11400 State Highway 30, Bryan
Scope	Site plans for Oxbow Business Park / Hwy 30 Business Park, Lot 1R, 5.62 acres, 11400 State Highway 30, Bryan. Sheets include site, erosion/sediment, utility, grading/pavement, water and landscape plans.
Masiate fit	Commercial/business-park site work is relevant for concrete, fencing, utility/plumbing, lighting and later tenant-finish work; needs permit and tenant-package follow-up.
Priority reason	Commercial/business-park site work has concrete, utility, lighting and tenant-finish potential; permit and procurement status are unknown.
Status basis	Bryan SDRC archive posted an August 11, 2026 site-plan PDF. The plan text identifies a business-park site plan and owner/developer; it does not establish permits or open subcontract packages.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	Unknown Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	Oxbow Construction, LLC (owner/developer)
Business contact routes	J4 Engineering (engineer) Phone: 979-739-0567 https://www.J4Engineering.com Contact source Oxbow Construction, LLC (owner/developer) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction permits have issued; Whether trade packages remain available; Current contractor procurement status
Next fact to verify	Match the parcel in Brazos CAD and check Bryan Citizenserve or an open-records export for permit status.

Public Sources

- **SP26-000053, Hwy 30 Business Park, Oxbow Business Park** | 08-11-2026 | page/section: PDF/text extraction | https://docs.bryantx.gov/planning_development/SDRC/2026%20SDRC/08-11-2026/SP26-000053%2C%20Hwy%20Business%20Park.pdf | PDF text lists Oxbow Business Park, Hwy 30 Business Park, 11400 State Highway 30, Lot 1R 5.62 acres, owner/developer Oxbow Construction LLC, and J4 Engineering.

40. MDS Maintenance LLC - Office Warehouse

Grimes County | registration | record date 2026-07-20 | stage planned

Location	1700 N La Salle Navasota, TX 77868, Navasota
Scope	Office Warehouse Space ~ 11,200 SF Metal Building
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Small current TDLR registration for an 11,200 SF metal office/warehouse is more directly aligned to Masiate trades than several larger institutional records.
Status basis	TDLR TABS status is Project Registered; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$210,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-08-01; Completion: 2026-12-31; Bid deadline: Unknown
Participants	MDS Maintenance, LLC (owner/developer); BLAIR,BAKER (registered accessibility specialist)
Business contact routes	Unknown A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

41. Somerville ISD - Phase 2

Burleson County | registration | record date 2026-07-08 | stage planned

Location	570 8th St Somerville, TX 77879, Somerville
Scope	New ag barn, new halftime building, new softball concessions, and new baseball concession.
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Somerville ISD Phase 2 has separate new ag/athletic/concession buildings and a current TDLR review; availability remains unknown.
Status basis	TDLR TABS status is Review Complete; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$6,900,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-08-03; Completion: 2027-08-02; Bid deadline: Unknown
Participants	Somerville ISD (owner/developer); SZS Architecture (designer); EDDIE,HARE (registered accessibility specialist)
Business contact routes	SZS Architecture (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

42. EAG Chevrolet / Sterling Auto showroom and service center expansion

Grimes County | planning + registration | record date 2026-06-24 | stage planned

Location	9030 State Hwy 6 Navasota, TX 77868, Navasota
Scope	New Showroom & Service Center with related sitework
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Local site-plan record and TDLR registration point to the same 9030 State Hwy 6 commercial vehicle showroom/service center, a strong sitework/building-trades fit with a named design-build/representative route.
Status basis	Navasota P&Z considered a preliminary site plan for vehicular sales expansion at 9030 Highway 6 with staff recommendation; TDLR shows Review Complete for a new showroom/service center at the same address. This is not evidence of an open bid.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$4,000,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-08-01; Completion: 2027-08-01; Bid deadline: Unknown
Participants	Navasota Ventures, LLC (applicant/owner in city memo); Lay Construction (project representative); NAVASOTA VENTURES LLC (owner/developer); Lay Design/Build (designer); JAMES CHESLEY,FANCHER (registered accessibility specialist)
Business contact routes	Lay Construction (project representative verified in city memo) Contact source Direct contact method not verified Navasota Ventures, LLC (owner/applicant verified in city memo) Contact source Direct contact method not verified Lay Design/Build (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether P&Z approved the preliminary site plan; Whether a construction/site permit has been issued; Whether Lay Construction is only representative or contractor of record; Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

43. TxDOT Centerville AE/MNT

Leon County | registration | record date 2026-05-27 | stage planned

Location	775 STATE HIGHWAY 75N Centerville, TX 75833, Centerville
Scope	CONSTRUCTION AND SITE DEVELOPMENT OF NEW VEHICLE MAINTENANCE AND OFFICE FACILITY FOR THE BRYAN DISTRICT/LEON COUNTY AREA. NEW BUILDINGS TO INCLUDE AREA ENGINEER & MAINTENANCE, EQUIPMENT STORAGE SHEDS, BRINEMAKER, FIRE PUMP HOUSE, AND FUEL STATION.
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	TDLR registration describes a new TxDOT maintenance/office facility with site development, storage sheds, brinemaker, fire pump house and fuel station; broad site/building trades may fit.
Status basis	TDLR TABS status is Project Registered; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$32,949,516 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-09-01; Completion: 2028-09-01; Bid deadline: Unknown
Participants	Texas Department of Transportation (owner/developer); Jacobs (designer); ERNESTO,SARABIA (registered accessibility specialist)
Business contact routes	Jacobs (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

44. The Icon at Creekside

Brazos County | registration | record date 2026-05-14 | stage planned

Location	N Earl Rudder Freeway Bryan, TX 77802, Bryan
Scope	new construction of multifamily apartments with 2(high density) buildings 233 units in total and about 5,000 ft2 clubhouse
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	New 233-unit multifamily apartments and clubhouse; strong fit, though the May registration is a backfill record and bid status is unknown.
Status basis	TDLR TABS status is Review Complete; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$17,260,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-09-01; Completion: 2029-04-01; Bid deadline: Unknown
Participants	burton creek ventures llc & Rudder frontage LLC (owner/developer); TED TROUT ARCHITECT & ASSOCIATES, LTD. (designer); RICHARD TODD,LOZANO (registered accessibility specialist)
Business contact routes	TED TROUT ARCHITECT & ASSOCIATES, LTD. (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

45. FFB - Franklin

Robertson County | registration | record date 2026-04-28 | stage planned

Location	106 W Hwy 79 Franklin, TX 77856, Franklin
Scope	New construction of single-story FFB branch approximately 3,500 sq ft.
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Robertson bank branch new construction has address-level TDLR evidence and a broad trade fit; availability remains unknown.
Status basis	TDLR TABS status is Review Complete; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$2,800,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-07-01; Completion: 2027-06-30; Bid deadline: Unknown
Participants	First Financial Bank (owner/developer); Parkhill (designer); STEPHEN D,MACPHIE (registered accessibility specialist)
Business contact routes	Parkhill (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

Public Sources

46. Avenue P multifamily special-use permit

Burleson County | planning | record date 2026-04-21 | stage planned

Location	Avenue P lot; Landolt #9 Addition Block 2 west half, 2.0 acres; situs street number not listed in ordinance or CAD, Somerville
Scope	Special-use permit to allow development and construction of a multifamily facility with rental units under single-entity ownership and management on a 2.0-acre Avenue P tract.
Masiate fit	Strong planning-stage fit: future multifamily work can require concrete, framing/metal, roofing, siding, paint, plumbing, electrical, lighting, fencing, flatwork and make-ready trades. This is an inference from the approved multifamily development scope, not proof that trade packages are open.
Priority reason	Somerville multifamily SUP is planning-stage, but it is recent, address-level by tract, and strong for Masiate trades if site-plan/building permits follow.
Status basis	City Council approved a special-use permit on 2026-04-21; the ordinance requires detailed site-plan review before any building permits and says the owner must obtain building permits and pass inspections. CAD shows vacant/native pasture land for 2026, so construction was not proven in this pass.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	Unknown Whole-project value is not Masiate contract value.
Dates	Start: Unknown; Completion: Unknown; Bid deadline: Unknown
Participants	ALTURA CAPITAL LLC (owner/developer); City of Somerville (approving jurisdiction)
Business contact routes	ALTURA CAPITAL LLC (CAD-listed owner of property ID 1043275) Contact source Direct contact method not verified ALTURA CAPITAL LLC (CAD-listed owner/developer) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether site-plan review has occurred after ordinance approval; Whether a city building permit has been issued in Cloudpermit; Whether any Masiate-relevant trade packages remain available; Exact street number for the Avenue P tract
Next fact to verify	Request or access Caldwell/Somerville Cloudpermit issued-permit detail for BCAD 1043275 or Avenue P; then verify owner/developer contact and project schedule.

Public Sources

- **Ordinance 26-011 for SUP Multifamily in RS1 Zone** | 2026-04-21 | page/section: pp. 1-2 | <https://somervilletx.gov/Ordinance%2026-011%20for%20SUP%20Multifamily%20in%20RS1%20Zone.pdf?t=2...> | Authorizes multifamily use on an RS-1 zoned Avenue P tract, Landolt #9 Addition Block 2 west half, 2.0 acres, BCAD 1043275; requires site-plan review, building permits, utilities and inspections.

ACRES, owner ALTURA CAPITAL LLC, 2026 land value \$65,000 and zero improvement value.

47. 3798 Tabor Road Office/Warehouse

Brazos County | registration | record date 2026-04-10 | stage planned

Location	3798 Tabor Road Bryan, TX 77808, Bryan
Scope	New Warehouse with office space
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	New office/warehouse at a specific Bryan address; direct fit for concrete, framing, exterior and interior build-out follow-up.
Status basis	TDLR TABS status is Review Complete; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$900,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-05-04; Completion: 2026-10-04; Bid deadline: Unknown
Participants	Murphy Commercial Holdings LLC (owner/developer); EDDIE,HARE (registered accessibility specialist)
Business contact routes	Unknown A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

Public Sources

48. Dollar General • Store #31843

Madison County | registration | record date 2026-03-10 | stage planned

Location	Southwest Corner of Texas State Highway 75 & E Par Madisonville, TX 77864, Madisonville
Scope	New Construction of 10,640 s.f. Dollar General Store, Pre-Manufactured Metal Building
Masiate fit	Scope and cost indicate current construction/remodeling work that could use Masiate trades.
Priority reason	Madisonville Dollar General TDLR record is a current-window new pre-manufactured metal retail building, a straightforward private/commercial trade fit.
Status basis	TDLR TABS status is Review Complete; this proves registration/review status only, not that a subcontract package remains open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$600,000 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-05-15; Completion: 2026-11-01; Bid deadline: Unknown
Participants	DGOGMADISONVILLETX10012025 LLC (owner/developer); Kinetic Design + Development (designer); LANDY,PERKINS (registered accessibility specialist)
Business contact routes	Kinetic Design + Development (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Check local permit/planning records or participant website for current project status and contractor contacts.

Public Sources

Dollar General Store, Pre-Manufactured Metal Building

49. AutoZone #10769 / Navasota construction underway

Grimes County | planning + registration | record date Unknown | stage construction_reported

Location	409 North La Salle Street, Navasota, TX 77868, Navasota
Scope	Autozone private commercial project; construction plans approved and construction underway according to city dashboard.
Masiate fit	Commercial retail construction can involve concrete, framing, paint, electrical, plumbing, roofing, siding and lighting; exact open packages unknown.
Priority reason	City dashboard reports construction permit issued and construction underway; TDLR supplies the address, scope and dated registration for a private retail build with concrete/framing/roofing/paint/electrical/plumbing fit.
Status basis	City dashboard says preliminary site plan and construction plans were approved, a construction permit was issued and construction was underway; TDLR separately shows Review Complete for accessibility registration. Neither source proves remaining trade packages are open.
Availability	Work availability: unknown unless the cited source explicitly states an open bid/status.
Value	\$875,974 TDLR estimated cost Whole-project value is not Masiate contract value.
Dates	Start: 2026-06-22; Completion: 2026-11-26 / city dashboard Dec-26; Bid deadline: Unknown
Participants	ROY L MARTIN & ASSOC. PARTNERS, LTD (owner/developer); AutoZone (designer); JEFFERY L,KELLEY (registered accessibility specialist)
Business contact routes	Autozone (project/business name from city dashboard) Contact source Direct contact method not verified AutoZone (design firm on TDLR record) Contact source Direct contact method not verified A designer or engineer is not necessarily the buyer; listed roles do not establish available work.
Unknowns	Street address; Permit number and issue date; Contractor/subcontractors; Whether remaining trade packages are still available; Whether construction has started beyond the TDLR estimated start date.; Whether Masiate-relevant trade packages remain available.; Whether the owner, tenant, general contractor or designer is the best contact path.
Next fact to verify	Use Citizenserve or city permit request by project name/coordinates; check future P&Z/City Council minutes for Autozone attachments.

Public Sources

- **City of Navasota Project Dashboard** | page/section: Feature ObjectID 23 | <https://navasota.maps.arcgis.com/apps/dashboards/17b7b6efb2794a54b6a2f4ce3473cb12> | Feature row states Autozone site plan and construction plans approved, construction permit issued and construction underway; includes Dec-26 estimated completion and coordinates.
- **TDLR TABS Project Details: TABS2026011198** | 2026-01-29 | page/section: Project Details | <https://www.tdlr.texas.gov/TABS/Search/Project/TABS2026011198> | AutoZone; 409 North La Salle Street Navasota, TX 77868; New Construction; Construct an Auto Parts Retail Store from Ground Up.

Watchlist

- **Lorca Apartments** | Brazos County | Exact street address was not resolved; retain as planning watchlist until the location is verified. | Bryan SDRC archive posted a September 1, 2026 site-plan PDF. The plan identifies a proposed 100-unit apartment building and owner, but the property-address field was not extracted.
- **City of Iola 0.100 MGD wastewater treatment plant construction** | Grimes County | The tender deadline has passed; an agenda naming a contract does not prove execution or open trade packages. | Current Projects page includes June 2026 bid notice; August 11 agenda includes approval of a construction contract agreement between City of Iola and Teal Services, LLC for TWDB wastewater treatment plant construction. It does not prove notice to proceed or mobilization.
- **Pecan Grove Estates Phase 2 final plat and subdivision agreement** | Grimes County | September 24 agenda is upcoming as of this September 20 report; verify the decision and executed agreement first. | September 24, 2026 P&Z agenda is for consideration of final plat and subdivision agreement; memo says Phase 2 public infrastructure is substantially complete but outstanding items remain under a letter of credit. It does not prove vertical home construction has started.

County Coverage And Gaps

Brazos County

- **City of Bryan SDRC 2026 development-review archive:** partial; covered 2026-07-28 to 2026-09-15; records found 9. Inspected the dated archive index and downloaded/extracted the strongest address-level PDFs from 2026-07-28 through 2026-09-15. The 2026-09-22 folder existed but was outside the requested cutoff/current run date and was not used for candidates. Next: Continue with 2026-06-23, 2026-06-30, 2026-07-07, 2026-07-14 and 2026-07-21 folders; then join repeated revisions by case number. [Source](#)
- **City of Bryan monthly building reports:** partial; covered 2026-08-01 to 2026-08-31; records found 0. Downloaded the public page and August 2026 PDF. It reports aggregate counts/values only, not address-level permits; August showed residential remodel/addition, multifamily and commercial activity but no project identities. Next: Request or find an address-level export from Bryan Development Services / Citizenserve. [Source](#)
- **City of Bryan online permitting / Citizenserve:** blocked; covered Unknown to Unknown; records found 0. Official page says users must create an account to access the portal and track application activity. No login/register action was taken. Next: Use open-records/export request or approved login route if coordinator authorizes it later. [Source](#)
- **City of College Station building permits issued listing:** blocked; covered Unknown to Unknown; records found 0. Downloaded current and past listing pages. The static page exposes a Govstack document filter but no document rows in the fetched HTML; a direct POST to the official filter endpoint returned HTTP 400, so no address-level permit file was safely collected. Next: Use browser-based endpoint discovery or ask College Station PDS for the weekly file export. [Source](#)
- **City of College Station new development list:** blocked; covered Unknown to Unknown; records found 0. Downloaded current and past listing pages. Static HTML showed source description and filters but no document rows without the Govstack dynamic listing. Next: Resolve Govstack document filter in a browser session or request weekly new-development export. [Source](#)

- **College Station/Bryan/Brazos Valley public bid route:** complete; covered 2026-07-09 to 2026-10-20; records found 0. College Station and Bryan official bid pages both route vendors to Brazos Valley e-Marketplace. Public current bids listed 11 open items; none were strong construction/remodel/property leads for Masiate (mostly services, utility testing/transmission, warehouse reorder, appraisal, depository, water well rehab design). Next: Recheck before final package for new construction solicitations; current list preserved. [Source](#)
- **Brazos CAD certified data downloads and property search:** partial; covered 2026-01-01 to 2026-12-31; records found 0. Verified official certified-download page and property-search links. The page offers 2026 certified data and a layout reference. Individual eSearch appears app/recaptcha-backed; no bypass attempted and no full bulk join was run within this hour. Next: Download 2026 certified zip and layout, map selected addresses/legal descriptions to owner/property IDs in a separate approved pass. [Source](#)
- **TDLR TABS Brazos recent:** complete; covered 06/22/2026 to 09/20/2026; records found 69. Official TDLR SearchProjects endpoint returned 69 rows and all 69 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)
- **TDLR TABS Brazos backfill:** partial; covered 09/20/2025 to 06/21/2026; records found 172. Official TDLR SearchProjects endpoint returned 172 rows for county id 2021; 51 project detail pages were downloaded and converted to records in this bounded pass. Next: Continue downloading remaining TDLR detail pages from the saved search-result JSON for this county/window. [Source](#)

Burleson County

- **City of Somerville ordinances:** partial; covered 2025-06-10 to 2026-07-29; records found 8. Official ordinance index exposed 2025-2026 SUP/zoning/building-fee PDFs. Read/downloaded current relevant SUP/zoning PDFs and extracted project-level address/scope from official scans; did not exhaust every non-project ordinance or full application packet. Next: Ordinances 2026 and 2025 document-center list; remaining application packets/minutes behind agendas still need follow-up. [Source](#)
- **City of Somerville permits page:** partial; covered Unknown to Unknown; records found 0. Page provides permit contact, SafeBuilt inspection schedule, and application forms; no issued-permit register visible. Next: Request issued building-permit log from permittingcos@somervilletx.gov or inspect any authenticated/office permit export. [Source](#)
- **City of Somerville Planning & Zoning agendas/minutes:** partial; covered 2024-01-18 to 2024-10-17; records found 15. Public P&Z page exposed 2024 agendas/minutes only; extracted address-level accessory/subdivision/planning items. 2025-2026 P&Z agendas were not visible on this page, but related adopted ordinances were available separately. Next: Find 2025-2026 P&Z agendas/minutes or request them from City Hall. [Source](#)
- **City of Somerville RFQ/RFP documents:** partial; covered 2025-02-25 to 2025-03-05; records found 1. Downloaded RFQ New City Hall and addenda plus non-construction solid-waste RFP. New City Hall is expired but address-level and relevant; no award status found. Next: Search council minutes for award/construction update after March 2025. [Source](#)
- **City of Caldwell building and construction pages:** blocked; covered Unknown to Unknown; records found 0. Official page identifies Cloudpermit and a SharePoint Permits / Inspection Reports folder, but anonymous direct fetch of the SharePoint public folder returned 403. Page itself contains no issued permit rows. Next: Use browser-authenticated public share if available or request issued permit/inspection report from permits@caldwelltx.gov. [Source](#)
- **City of Caldwell agendas and construction projects:** blocked; covered Unknown to Unknown; records found 0. Official agenda page links a SharePoint Meeting Agendas/Minutes

folder that returned 403 to direct anonymous fetch. Construction page has Active Projects/Capital Improvement links but no visible address-level project rows in static HTML. Next: Access SharePoint via browser/manual download or request meeting packet/project list from city secretary. [Source](#)

- **Burleson County construction permits page:** complete; covered 2026-07-23 to 2026-07-23; records found 0. County page states unincorporated county does not require ordinary building permits/inspections; it routes floodplain, OSSF, utility ROW and driveway/culvert permits. No issued-record register is visible. Next: For construction in floodplain/ROW/septic scope, request logs from the relevant county office. [Source](#)
- **Burleson County BID / RFP / RFQ notices:** partial; covered 2025-07-01 to 2026-09-20; records found 0. Bid page exposed road/bridge materials and bridge bid notices; no open building/remodel project fit was found in visible text. Road/bridge work was not entered as Masiate candidate. Next: If public works concrete/bridge scopes become relevant, inspect bid PDFs separately. [Source](#)
- **Burleson CAD property search:** partial; covered 2024-12-20 to 2026-09-21; records found 1. Used official CAD to verify the Avenue P multifamily parcel and owner after ordinance record supplied BCAD ID. Did not bulk-crawl CAD or private owner contacts. Next: Use targeted CAD checks for shortlisted ordinance/permit records only. [Source](#)
- **Snook local permit/agendas:** blocked; covered Unknown to Unknown; records found 0. No official Snook municipal website or issued-permit register was found in bounded search. County page only gives Snook city phone number for permit information; search results showed Facebook and nonofficial summaries, not official downloadable records. Next: Call/request City of Snook issued building permit and agenda log; avoid relying on Facebook unless coordinator approves social-source use.
- **TDLR TABS Burleson recent:** complete; covered 06/22/2026 to 09/20/2026; records found 3. Official TDLR SearchProjects endpoint returned 3 rows and all 3 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)
- **TDLR TABS Burleson backfill:** complete; covered 09/20/2025 to 06/21/2026; records found 9. Official TDLR SearchProjects endpoint returned 9 rows and all 9 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)

Grimes County

- **City of Navasota Project Dashboard ArcGIS layer:** complete; covered Unknown to 2026-09-20; records found 32. Queried public ArcGIS feature service and reviewed all 32 active project rows; extracted address/street/coordinate-level construction candidates where rows named projects, budgets, contractors or construction status. Dashboard lacks record dates, permit numbers and full street addresses for several private rows. Next: Unknown [Source](#)
- **Navasota Planning & Zoning Destiny agendas:** partial; covered 2026-06-01 to 2026-09-24; records found 5. Reviewed June-September meeting index pages and extracted address-level development items from August 13, August 27 and September 24 P&Z agendas/memos; also checked City Council follow-up for NKQ and found denial-risk memo. September 24 is a future meeting. Next: Review City Council agendas for follow-up approvals and minutes after meetings occur. [Source](#)
- **Navasota Citizenserve building/development permit portal:** blocked; covered Unknown to Unknown; records found 0. Anonymous search page and permit fields loaded, but normal form POST with page token/cookie returned HTTP 401 Access Denied. Stopped rather than bypassing access controls. Next: Manual browser search or open-records export for issued permits after 2026-06-22. [Source](#)

- **City of Navasota bid proposals:** complete; covered 2026-09-03 to 2026-09-24; records found 0. Only current visible solicitation was depository banking services; not construction/remodel/property work. Next: Unknown [Source](#)
- **Grimes County development/floodplain/road pages:** partial; covered Unknown to 2026-09-20; records found 0. Pages define required development, residential construction, driveway/culvert and road-use permit processes but do not publish issued address-level permit registers. Next: Request issued development/road-use permit register if coordinator approves records request. [Source](#)
- **Grimes County request for bids/qualifications:** partial; covered Unknown to 2026-09-20; records found 3. Current bid page lists annual contracts including bridge construction labor, reinforced concrete and culverts; PDFs preserved but image-only through pdftotext, so detailed dates/status were not extracted. Next: OCR bid packets or check auditor updates for bid opening dates and awards. [Source](#)
- **Grimes County CivicClerk commissioners agendas:** complete; covered 2026-06-22 to 2026-09-16; records found 0. Queried tenant API from 2026-06-22 forward, followed page 2, and pulled 28 meeting detail JSON files through September 16; keyword scan did not surface address-level construction/property project records. Next: Unknown [Source](#)
- **Grimes CAD quick property search:** partial; covered 2027 to 2027; records found 5. Used official 2027 CAD quick-search endpoint only to validate selected candidate parcels/owners/situs addresses; did not crawl unrelated owners. Next: Open selected full property cards if needed for legal descriptions/value; avoid mass contact harvesting. [Source](#)
- **City of Iola current projects and council agendas:** partial; covered 2026-06-11 to 2026-08-26; records found 1. Found current WWTP project, expired June bid notice, August agenda construction-contract item and plan set. Did not exhaust all 2026 agendas/minutes. Next: Check August minutes/award documents for executed value and NTP. [Source](#)
- **Town of Anderson permits and downtown projects:** partial; covered 2026-06-11 to 2026-09-17; records found 0. Permits page states permits are required before construction/remodels over 250 sqft/demos; checked target-window agenda posts and found only generic permit reports, zoning ordinance/public hearing items and mowing contracts, not address-level construction records. Next: Minutes or permit register would be needed for issued address-level permit details. [Source](#)
- **City of Bedias official site:** blocked; covered 2026-06-08 to 2026-08-10; records found 0. Official minutes page lists 2026 minute PDFs, but all four target-window PDF URLs returned 404 during collection; no permit register or address-level construction records found on visible pages. Next: Recheck corrected Bedias minutes links later or request permit/minutes records directly. [Source](#)
- **City of Todd Mission permits:** partial; covered 2026-06-23 to 2026-09-10; records found 0. Official permit page lists iWorQ/forms but no issued register. Target-window agenda PDFs mention building-permit updates, a CDBG drainage construction-contract award item, and Mill Creek Estates replats, but no address-level permit/project detail or award outcome was available in the agenda text. Next: Check minutes or iWorQ public search if it exposes issued permit details without login. [Source](#)
- **TDLR TABS Grimes recent:** complete; covered 06/22/2026 to 09/20/2026; records found 2. Official TDLR SearchProjects endpoint returned 2 rows and all 2 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)
- **TDLR TABS Grimes backfill:** complete; covered 09/20/2025 to 06/21/2026; records found 12. Official TDLR SearchProjects endpoint returned 12 rows and all 12 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)

Leon County

- **Leon County Bid Documents:** partial; covered 2026-08-19 to 2026-09-10; records found 6. Current RFB 2026-364 shelter package and RFB 2026-365 postponement found; no issued-permit register. Next: Check after 2026-09-10 for RFB 2026-364 bid tab/award and RFB 2026-365 reissue. [Source](#)
- **Leon County Bid Tabulations:** partial; covered 2023-11-13 to 2026-06-10; records found 1. Reviewed construction-related tabs; most were historical or non-building, CMAR courthouse/building improvements promoted as candidate. Next: Inspect full RFP 2026-355 package and post-June minutes for award details. [Source](#)
- **Leon County floodplain/development permits:** empty; covered Unknown to Unknown; records found 0. Page provides procedures/applications and says permits are required for new construction/substantial improvements, but no public issued-record register was found. Next: Request/export issued floodplain-development permits from 911 Addressing/Emergency Management if another pass is approved. [Source](#)
- **Leon County subdivision/county judge page:** partial; covered 2026-08-24 to 2026-08-24; records found 0. Subdivision requirements and checklist found, but not address-level subdivision applications/approvals. Next: Inspect Commissioners Court agenda/minute attachments or clerk records for subdivision plats. [Source](#)
- **Leon County Commissioners Court agendas/minutes:** partial; covered 2026-06-22 to 2026-09-14; records found 0. Index reviewed and recent agenda/minute links identified, but not all PDFs read due time; used bid pages for extracted records instead. Next: Read September 14 and post-September-10 minutes for radio shelter bid award and concrete pad reissue. [Source](#)
- **Centerville council posts/agendas/minutes:** partial; covered 2026-06-26 to 2026-09-11; records found 4. Recent posts and PDFs downloaded; scanned minutes manually inspected for project language; several agendas/minutes are image-only so full text search incomplete. Next: Manually/OCR September 9 agenda/minutes when available and pull EDC minutes if published. [Source](#)
- **Buffalo agendas/minutes and bid notices:** blocked; covered 2026-01-09 to 2026-09-14; records found 0. Index exposed 2026 agendas/minutes and bid notices; direct agenda PDF fetches returned 403 from Revize document paths. Bid page showed fuel/depository only; permits page is instructions/forms, not issued permits. Next: Use browser/session download or request records; avoid treating forms as project records. [Source](#)
- **Jewett city site, permits, planning and CDBG notice:** partial; covered 2025-11-13 to 2026-09-20; records found 3. City permit/planning pages and CDBG-MIT FONSI checked; manual visual extraction found three address/corridor-level sewer/street candidates. Downloaded 2026 agendas through September and text searched for CDBG/MIT/project terms; no obvious construction award/status follow-up found. Next: Inspect Jewett minutes if later published, GLO project files, or city procurement records for construction bid/award status. [Source](#)
- **Oakwood official city site:** blocked; covered Unknown to Unknown; records found 0. Official-looking site did not return useful HTML content to curl during quick check. Next: Open with browser or call city records route in later pass. [Source](#)
- **Marquez official source discovery:** partial; covered Unknown to Unknown; records found 0. TML directory found as source for city/contact/building-regulation existence, but no public project register identified. Next: Find direct city records page or request city permit log. [Source](#)
- **TDLR TABS Leon recent:** complete; covered 06/22/2026 to 09/20/2026; records found 0. Official TDLR SearchProjects endpoint returned 0 rows and all 0 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)

- **TDLR TABS Leon backfill:** complete; covered 09/20/2025 to 06/21/2026; records found 4. Official TDLR SearchProjects endpoint returned 4 rows and all 4 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)

Madison County

- **City of Madisonville document resources feed:** partial; covered 2025-06-10 to 2026-09-21; records found 3. Official CMS feed exposed 349 files. Recent P&Z packets/minutes plus July, August and September 2026 council packets were downloaded and searched; not every council file was read end-to-end. Next: Review remaining council packets before July 2026 and then older P&Z files if another pass is approved. [Source](#)
- **Madisonville Planning and Zoning packets/minutes:** partial; covered 2025-06-10 to 2026-09-01; records found 3. Recent planning files yielded three address-level candidates; coverage is partial because not every file in the 24-month planning window was fully reviewed. Next: Start from remaining P&Z agenda/minute files in the CMS feed, especially late 2025 through early 2026 packets. [Source](#)
- **Madisonville forms and permits page:** partial; covered Unknown to Unknown; records found 0. Page confirms permit forms/application route but did not expose an issued-permit register in the page HTML checked. Next: Request or locate an issued-permit export for 2026-06-22 through 2026-09-20. [Source](#)
- **Madison County permits page:** partial; covered Unknown to Unknown; records found 0. County page lists application forms for electric, solar, septic, food, driveway and floodplain but no public issued-record register was found in the page. Next: Contact/request county issued permits for septic, driveway, floodplain and electric records if coordinator approves records requests. [Source](#)
- **Madison County bids page:** empty; covered Unknown to Unknown; records found 0. Official bids page loaded but no current construction bid entries were visible in the checked HTML. Next: Recheck bids page in a later pass; verify whether county posts bids elsewhere. [Source](#)
- **Madison CAD property search:** partial; covered 2026-01-01 to 2026-09-20; records found 3. Used only to verify ownership/property IDs for the three planning candidates, not to scrape unrelated owners. Next: Open property detail pages for selected candidates if more owner/parcel detail is needed; avoid broad owner harvesting. [Source](#)
- **TDLR TABS Madison recent:** complete; covered 06/22/2026 to 09/20/2026; records found 1. Official TDLR SearchProjects endpoint returned 1 rows and all 1 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)
- **TDLR TABS Madison backfill:** complete; covered 09/20/2025 to 06/21/2026; records found 1. Official TDLR SearchProjects endpoint returned 1 rows and all 1 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)

Madison/Leon jurisdiction check County

- **Normangee public notices:** partial; covered 2025-12-11 to 2026-06-17; records found 0. Official old site says it is no longer updated; recent visible notices were water/burn-ban items, while construction bids found were closed 2024 or older and mostly Leon County/citywide utility work. Next: Use new municipalimpact site for current Normangee sources; check agendas/minutes if exposed. [Source](#)
- **Normangee municipalimpact ordinances/application route:** partial; covered Unknown to Unknown; records found 0. New official site exposes ordinance and mobile-home permit application documents, not a current issued-permit or project register in the checked page. Next:

Check municipal impact application-process, agendas and public-notice pages in a later pass.
[Source](#)

Robertson County

- **City of Hearne Agenda Center and Planning/P&Z documents:** complete; covered 2026-06-23 to 2026-09-15; records found 5. Official agenda center and P&Z page were checked for recent planning, variance and public-works items. Useful records came from the August 20 P&Z agenda, September 3 special agenda and September 15 packet with recent minutes. Some PDFs were scanned/noisy but the key records were readable with pdftotext. Next: Unknown
[Source](#)
- **Robertson CAD property search:** partial; covered 2026 to 2026; records found 2. CAD was used to match agenda items to ownership and parcel context. EL Construction and Iron Oak parent tract matched; exact Iron Oak lots 114/115, 208 Fulton and LT 9X/LT 9F did not produce clean exact matches in this pass. Next: Use specific deed references and later roll updates for exact-lot searches
[Source](#)
- **City of Franklin official agendas:** partial; covered 2026-08-17 to 2026-09-21; records found 1. The official agenda page only exposed three recent agenda PDFs in this pass. They were scanned, so images were preserved and reviewed. One City Park pickleball/lighting item was found; Aug. 24 and Sept. 21 did not show construction leads. Next: Find minutes or 4B board packets for August 17 action result
[Source](#)
- **City of Calvert agendas/minutes and forms/permits:** blocked; covered 2026-01-26 to 2026-09-22; records found 0. Official pages and MembershipWare resource metadata were accessible and listed HDC/agendas, but direct blob downloads returned access-denied or viewer shells rather than readable official PDFs. No issued permit register was exposed on the forms/permits page during this pass. Next: Use the Calvert site UI manually or ask the city for accessible agenda/minute PDFs; do not rely on nonofficial summaries without the official record.
[Source](#)
- **City of Bremond official website:** empty; covered 2026-09-20 to 2026-09-20; records found 0. The official site was saved and searched for agenda, permit, bid, project and construction terms. Visible navigation/pages did not expose recent address-level building/project records during this pass. Next: Check the Mayor/Council agenda section manually or request recent minutes if Bremond becomes a priority.
[Source](#)
- **Robertson County official public notices and OSSF page:** partial; covered 2024-09-20 to 2026-09-20; records found 0. County public notices and OSSF link were checked. The site exposes forms, public hearings, tax abatements and older bid notices, but not address-level issued OSSF/building records in the requested recent window. Statewide environmental and tax portals were intentionally excluded for the statewide worker. Next: If approved later, request county OSSF issued-permit logs directly or check commissioner court minutes for awards not posted as separate notices.
[Source](#)
- **TDLR TABS Robertson recent:** complete; covered 06/22/2026 to 09/20/2026; records found 0. Official TDLR SearchProjects endpoint returned 0 rows and all 0 project detail pages were downloaded/converted for this county/window. Next: Unknown
[Source](#)
- **TDLR TABS Robertson backfill:** complete; covered 09/20/2025 to 06/21/2026; records found 7. Official TDLR SearchProjects endpoint returned 7 rows and all 7 project detail pages were downloaded/converted for this county/window. Next: Unknown
[Source](#)

Washington County

- **TDLR TABS Washington recent:** complete; covered 06/22/2026 to 09/20/2026; records found 10. Official TDLR SearchProjects endpoint returned 10 rows and all 10 project detail pages were downloaded/converted for this county/window. Next: Unknown [Source](#)
- **TDLR TABS Washington backfill:** partial; covered 09/20/2025 to 06/21/2026; records found 28. Official TDLR SearchProjects endpoint returned 28 rows for county id 2239; 25 project detail pages were downloaded and converted to records in this bounded pass. Next: Continue downloading remaining TDLR detail pages from the saved search-result JSON for this county/window. [Source](#)
- **City of Brenham building permits monthly reports:** partial; covered 2026-06-01 to 2026-08-31; records found 17. January-August 2026 files are listed; September 2026 was not listed on the archive page at retrieval. June-August official PDFs produced the promoted address-level permit candidates in records.json. Next: Check archive for September 2026 file after city publishes it; use Accela for permit detail/inspection stage on top candidates. [Source](#)
- **Washington CAD official property search:** partial; covered 2026-01-01 to 2026-12-31; records found 10. Used official Washington CAD esearch for selected candidate addresses only; 411 Church matched, several additional final targeted pulls returned empty/session responses and were not promoted as matches. Next: Use browser/manual CAD search or parcel map for unresolved addresses: 1307 N Park, 1402 W Jefferson, 801 Mangrum, 107 S Saeger and other coordinator shortlist items. [Source](#)
- **Washington County Engineering and Development Services / Road and Bridge:** partial; covered Unknown to Unknown; records found 0. Page identifies permit routes including MGO, floodplain, OSSF, culvert, utility installation and subdivision application, but no issued-record register was found on the page. Next: If approved, use MGO/public request route for issued culvert/floodplain/subdivision records; no request sent in this worker. [Source](#)
- **Washington County Environmental Health:** partial; covered Unknown to Unknown; records found 0. Page documents OSSF and floodplain permitting/review requirements but does not expose individual issued records in the checked page. Next: Request or locate public OSSF/floodplain permit log for selected unincorporated projects if later approved. [Source](#)
- **City of Burton public agenda source:** partial; covered 2026-09-22 to 2026-09-22; records found 1. Home page surfaced a current special-called agenda with one infrastructure-related planning item; no permit register was found in the timebox. Next: Check Burton agenda/minutes after the meeting and search for city permit records or public-information route. [Source](#)
- **City of Brenham purchasing / local bids:** partial; covered 2026-05-28 to 2026-09-21; records found 2. Visible 2026 construction-related bid documents found; Henderson Park and City Hall RTU-5 deadlines were expired before this worker run. No currently open construction bid identified on checked page. Next: Check later council agendas/minutes for awards and monitor purchasing page for new postings. [Source](#)
- **Brenham Accela / online permit portal:** partial; covered Unknown to Unknown; records found 0. Anonymous Accela building search page loaded from official host, but controlled postback for permit COM-NEW-26-0012 returned no results; no detail/inspection records were captured. Next: Try permit-number format variants or manual/browser Accela search for top permit IDs; city monthly PDFs remain the authoritative source captured here. [Source](#)
- **Statewide TDLR/TCEQ/TABC/Comptroller portals:** not_checked; covered Unknown to Unknown; records found 0. Explicitly excluded from this local worker; statewide worker owns those sources. Next: Coordinator should merge statewide worker output separately.

Statewide Sources

- **TCEQ permit search / records online stormwater construction signal:** blocked; covered Unknown to Unknown; records found 0. Official pages were reachable and records-online exposes WQ / Stormwater Construction General Permit series, but a direct public search for Brazos stormwater construction returned a TCEQ Content Server error; the separate permit-search portal is a JavaScript app and no address-level records were extracted in this bounded pass. Next: Use a browser session or documented TCEQ export route to query WQ / Stormwater Construction General Permit records for each target county; keep as continuation, not an inferred lead source. [Source](#)
-

Limitations

- Unknown fields mean the reviewed input did not supply a source-backed value.
- Planning, registration and permit records are not proof that trade packages remain open.
- Whole-project budget or accessibility-registration cost is not Masiate contract value.
- Only the reviewed selection appears as detailed profiles; the saved collection is larger and contains rejected, historical and unreviewed items.
