

Project & Contractor Table

Useful businesses and projects to qualify, not a list of confirmed available jobs.

49	8	1	0
project profiles	company / association-sourced business numbers	directory-only number; identity check needed	confirmed open trade packages

Phone update: all nine named construction-company prospects now have a published number to check. Eight use company or builder-association sources; Valco is directory-only with an unconfirmed project match. Masiate can ask about helping with remaining trades. **What is not established:** whether any of them needs another crew, whether each job is active now, or whether Masiate meets project requirements.

How the table is organized

- Three initial construction-company contacts come first, including Collier's unresolved exact project role.
- Six additional named contractors now have phone details; Valco needs identity verification and Atlas is sign/wall scope only.
- Three profiles provide engineer contacts, not confirmed buyers. J4 appears on two different projects.
- Thirty-seven profiles have no established outside building contractor. Unknown does not mean available.

A useful first call

"We're Masiate Construction. We saw your company listed on [project]. Are you handling that job, and do you have any remaining [relevant trade] work? Who handles subcontractor estimates?"

Read the evidence carefully

- **Possible fit is our judgment** from the described work, not proof that a specific trade package exists.
- Permit issuance is not a verified start. TDLR registration / Review Complete is not a builder award or job completion.
- Scheduled dates are estimates from records. Only AutoZone has saved city evidence explicitly reporting construction underway.
- Construction-company phone sources checked September 20, 2026; no test calls made. Engineering contacts remain from the pilot.
- Row numbers refer to the original 49 profiles, not a sales score. Source links open the supporting public pages.

Coverage: Brazos: 18; Burleson: 4; Grimes: 3; Leon: 2; Madison: 1; Robertson: 6; Washington: 15. Research geography does not establish Masiate's travel range.

1. Construction-company contacts to approach (3)

Three initial prospects, now with clearly labeled business phone numbers. Ask about remaining trade work; none is confirmed to need help.

Project / location / sources	Brief / possible Masiate fit	Contractor / actual role	Phone / email / contact	Timing / what to verify
#01 Citizens National Bank new construction and parking addition 400 S Austin Street, Brenham Washington County City permit list / CAD search / Company site / TDLR	New bank building plus nine parking spaces. Possible fit: Commercial finishes and concrete.	EBCO General Contractor: permit-listed general contractor.	EBCO General Contractor Phone: 254-697-8516 Corporate / general office ebcogc.com Contact evidence	Permit issued Record: Aug 31, 2026 Ask EBCO which bank/parking trades remain unawarded; neither schedule is verified. Contact note: Ask for the Citizens National Bank project estimator; direct project contact not established.
#32 Wilkins Valley phase 3 public infrastructure / commercial office site development 1402 W Jefferson Street, Brenham Washington County City permit list / Company site / CAD search	Phase 3 public infrastructure / office site development at Wilkins Valley. Possible fit: Concrete/ sitework; exact scope needs checking.	Collier Construction LLC: permit-listed construction participant; confirm exact project role.	Collier Construction LLC Phone: 979-836-4477 Brenham main office maceyt@collierconstruction.com collierconstruction.com Contact evidence	Permit issued Record: Jun 29, 2026 Exact parcel/owner and wrapped permit description unresolved. Confirm location and scope with Collier. Contact note: Ask who handles estimating; published email is also used for warranty requests, not verified as a bid inbox.
#30 Frost Bank Brenham financial center 862 US Highway 290 E, Brenham Washington County City permit list / CAD search / Bank location / Company site / TDLR	New Frost Bank financial center. Possible fit: Commercial finishes and concrete.	SpawGlass: permit-listed general contractor.	SpawGlass Phone: 979-401-3270 Brazos Valley regional office BV.Estimating@SpawGlass.com spawglass.com Contact evidence Email evidence (2024 form)	Permit issued Record: Jul 29, 2026 Bank location page says coming 2027. Ask SpawGlass about project stage and vendor onboarding. Contact note: Ask for estimating / subcontractor onboarding; regional office is not confirmed as the Frost project team.

2. More named contractors; phone lookup completed (6)

Public numbers added for all six names; Valco is directory-only and its project match is unconfirmed. Atlas is sign/wall scope only, not the parking lot.

Project / location / sources	Brief / possible Masiate fit	Contractor / actual role	Phone / email / contact	Timing / what to verify
#02 City of Brenham Maintenance Building fire remodel 506 S Austin Street, Brenham Washington County City permit list / TDLR	Fire-damage remodel of the city's maintenance building. Possible fit: Repair, framing, paint and finishes.	Rhodes Building Systems: permit-listed contractor.	Rhodes Building Systems Phone: 979-596-1451 Somerville company office info@rbstx.com rbstx.com Contact evidence	Permit issued Record: Aug 21, 2026 Ask Rhodes about remaining fire-repair trades and current phase. Contact note: Ask for the maintenance-building fire-remodel estimator.
#06 Lex Investments tenant office buildout 1504 S Day Street, Brenham Washington County City permit list / CAD search / TDLR	Tenant office buildout. Possible fit: Interior framing, paint and flooring.	United Constructors of Texas: permit-listed contractor.	United Constructors of Texas Phone: 713-934-9929 Houston company office bids@unitedconstructors.com unitedconstructors.com Contact evidence	Permit issued Record: Jun 25, 2026 Ask United Constructors whether office finish trades remain. Contact note: Ask whether they handle the Lex Investments buildout; the bid-request inbox is not proof of an open package.
#07 Sage Longwood Holdings commercial roof replacement 1901 Longwood Drive, Brenham Washington County City permit list / CAD search	Commercial-building roof replacement. Possible fit: Roofing; confirm system and crew needs.	Guardian Roof Systems: permit-listed roofing contractor.	Guardian Roof Systems Phone: 281-485-7663 Pearland main office guardianroofsystems.com Contact evidence	Permit issued Record: Jun 25, 2026 Ask Guardian about crew needs; applicant/CAD-owner relationship unresolved. Contact note: Site also lists 281-407-7280; primary number here is its labeled main-office phone. Confirm the Brenham project.

Project / location / sources	Brief / possible Masiate fit	Contractor / actual role	Phone / email / contact	Timing / what to verify
#29 Moeller Electric metal building addition 1119 Industrial Boulevard, Brenham Washington County City permit list / CAD search / TDLR	Add a 5,000 sq ft metal building to the existing facility. Possible fit: Concrete/framing; verify metal-building scope.	Davis Custom Builders of Texas: permit-listed contractor.	Davis Custom Builders of Texas Phone: 979-251-4872 Association-listed business number Contact evidence	Permit issued Record: Aug 06, 2026 Local August permit is newer than a related TDLR completion estimate; scopes/costs differ. Ask Davis for current phase. Contact note: Texas Association of Builders listing, not a tested call; company website did not expose readable contact details.
#33 Nelson Sosa multifamily apartment building 411 Church Street, Brenham Washington County City permit list / CAD search	New multifamily apartment building. Possible fit: Framing, siding, paint and flooring.	Valco Builders: permit-listed contractor.	Valco Builders Phone: 832-708-7069 UNCONFIRMED directory-listed number Contact evidence	Permit issued Record: Jun 22, 2026 Confirm current phase, appointed builder and remaining trade work. Contact note: Humble business profile only; same company as the Brenham permit NOT confirmed. Website redirects to a private page. Verify identity first.
#04 Redeemer Church parking lot improvements 2111 S Blue Bell Road, Brenham Washington County City permit list / CAD search	Phase 1/2 parking improvements plus separate wall/sign work. Possible fit: Concrete/paving; sign work may not fit.	Atlas Sign Services: sign/wall contractor only. Parking contractor unknown.	Atlas Sign Services Phone: 713-699-1121 Houston company office atlassigns.com Contact evidence	Permit issued Record: Jul 07, 2026 Do not treat Atlas as the parking-lot builder; ask who manages that scope. Contact note: Sign/wall scope only; not established as the church parking-lot contractor.

3. Engineering contacts, not confirmed buyers (3)

Three projects have an engineering contact route. These firms may clarify project status; they are not established as the builder or buyer of Masiate's work.

Project / location / sources	Brief / possible Masiate fit	Contractor / actual role	Phone / email / contact	Timing / what to verify
#36 North and Dunn Apartments 600 E North Ave, Bryan Brazos County Site plan	Apartment site plans for North and Dunn / Ramsey Place; drawings marked issued for bidding. Possible fit: Concrete and finishes, if packages remain open.	Building contractor not established in saved evidence.	McClure & Browne Engineering/Surveying, Inc. designer / engineering-surveying preparer Phone: 979-693-3838 Contact evidence	Registration / planning only Record: Sep 15, 2026 Issued-for-bidding wording is a clue only: no active invitation, deadline or unawarded package verified.
#38 Tabor Road Apartments 2816 Tabor Road, Bryan Brazos County Site plan	Apartment site, utility, pavement/grading and landscape plans. Possible fit: Possible concrete/sitework; preliminary only.	Building contractor not established in saved evidence. What this research can and cannot tell us

Saved projects plus a focused phone lookup

- 267 source entries collected; these are not unique qualified leads.
- 58 source entries support the 49 merged profiles, all represented once in this table.
- 76 source-coverage checks across seven counties; coverage is incomplete.
- 98 additional Brazos registrations were not deeply reviewed.
- Three out-of-area entries were excluded. Three coordinator watchlist demotions were kept out of the 49: Lorca (unresolved street address), Iola wastewater plant (expired tender), and Pecan Grove (future agenda).
- Project evidence is unchanged. Public contact pages and a builder-association directory were checked for missing business numbers. Valco uses a clearly flagged Houzz listing. No calls, emails, paid tools, new workers or site build were started.

Limits that matter before calling

- Phone/contact routes cover 12 profiles: nine construction-company names (one provisional) and three engineering-contact profiles. These are not verified purchasing decision-makers or guaranteed working phone lines.
- CAD links may open a search home page, not a permanent parcel record. A failed CAD match is not evidence of no owner.
- Project costs are intentionally omitted: total building budgets are not Masiate contract values.
- Personal home addresses and private-owner phone numbers are not reproduced. Missing business contact methods are explicit.
- One contractor can already be appointed while still needing subcontractors. Only a current project-specific confirmation can resolve that.

Three smaller jobs checked more closely

#37 Galaxy Spa: TDLR describes the work, but Bryan's detailed search was inaccessible. Contractor selection remains unknown. [TDLR record](#).

#14 Glo Tanning: tenant-funded fit-out; its own page says coming soon, but does not establish whether construction bids are being accepted. No matching permit row was found in the nine posted 2026 College Station workbooks inspected. [Company location page](#).

#12 Barron Suite 204: other units at 2800 Barron have named builders, but none establishes Suite 204's builder. Lintz is Unit 102; Keys & Walsh are Units 401-403; Create Construction is Suite 305. Do not transfer those contractors to this row. [August permits](#); [April permits](#).

Coverage gap: the available September College Station workbook stopped at September 11, before the September 20 check. Detailed eTRAKiT access required a login. Missing permit matches do not prove no builder has been hired. [September permits](#); [Monthly report index](#).

Bottom line

The pilot produced specific projects, nine named construction-company prospects (including one sign contractor), now supplemented with eight company/association-sourced numbers and one unconfirmed directory number. It did **not** establish an available job. Use the first rows to ask about real needs, and the unresolved rows to guide further verification.

Separate table revision of the September 20 pilot and its three-property follow-up. The original report and source records remain unchanged. This table is not a live status feed.
